

Platform 115 Assembled
3D View

"Skins" are rough cut 2x12 planks that are glued and screwed together in sections. Labeled with a lowercase s in front of their numbers. e.g. s115-A, s115-B, and s115-C

Planks are glued and screwed to cleats. Cleats are rough cut 2x offcut

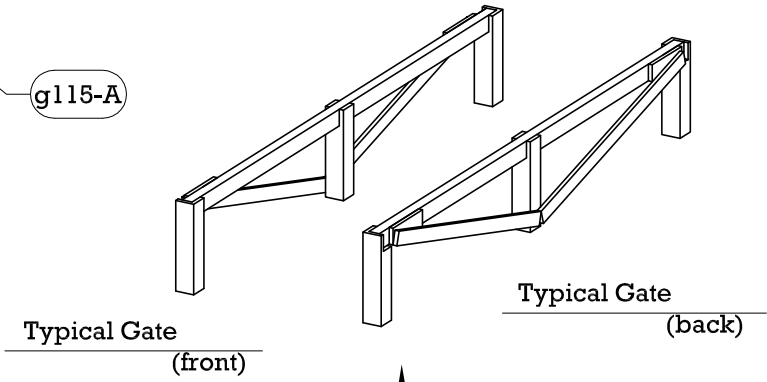

Joists are not permanent. They are used to hold the gates together with screws. Labeled with a lowercase x in front of their numbers. e.g. x115-A

3 Different Leg Styles

Legs are cut from the 4x4 rough cut posts. The symbols will tip you off as to which style of leg you are dealing with.

Gates are glued & screwed together; they will always stay assembled. Labeled with a lowercase g in front of their numbers. e.g. g115-A
